

# Lecture series MGK854 &EKFK 2019/2020

Lectures are biweekly at **Tuesdays, 11:00–12:30 h** (MGK/EKFK, H 26, seminar room 1st floor. The lectures will be in English, if not stated otherwise (\*); last approx. 60 min and are followed by ca. 30 min discussion. For questions please contact Dr. Anne Teller ([anne.teller@med.ovgu.de](mailto:anne.teller@med.ovgu.de))

Date/Place	Lecturer	Title of Lecture
<b>2019</b>		
15.10.19/H13	ABINEP	
29.10.19	Monika Brunner-Weinzierl	Costimulation of T-cells
12.11.19/H13	ABINEP	
26.11.19	Ana Zenclussen	Feto-maternal immune communication
10.12.19/H13	ABINEP	
<b>2020</b>		
07.01.20	Stefanie Kliche	Integrin signaling in immune cells (+ methods)
21.01.20/H13	ABINEP	
04.02.20	Andrea Kröger	CNS infection and immune privilege
18.02.20/H13		
03.03.20	Peter Mertens	"How to approach impaired kidney function"
17.03.20/H13	ABINEP	
31.03.20	Thomas Fischer	Inflammation, Clinical Symptoms and Search for Novel Therapies in JAK2-V617F Mutated Disease
21.04.20/H13	ABINEP	

<b>28.04.20</b>	Ilkdiko Dunay	"Innate Immune cells in brain homeostasis and neuroinflammation"
<b>12.05.20/H13</b>	ABINEP	
<b>26.05.20</b>	Lothar Jänsch	Molecular transport in immunity
<b>09.06.20/H13</b>	ABINEP	
<b>23.06.20</b>	Luca Simeoni	Regulation of TCR signaling
<b>07.07.20/H13</b>	ABINEP
